

## Student Satisfaction Survey on overall institutional performance

For the academic session 2016-17 students' feedback was taken from 313 students of different faculties about teaching learning process and curriculum. In this survey 10 questions were asked from the students about the various key considerations involved in teaching learning process. The outcomes of this survey are as follow.

### Fairness of the internal evaluation process by the teachers

### Was your performance in assignments/exams discussed with you ?

### The teachers illustrate the concepts through examples and applications

The teachers identify your strengths and encourage you with providing right level of challenges

The institution makes effort to engage students in the monitoring, review and continuous quality improvement of the teaching learning process

Teachers encourage you to participate in extracurricular activities

Efforts are made by the institute / teachers to inculcate soft skills, life skills and employability skills to make you ready for the world of work.

The overall quality of teaching learning process in your institute is very good
